

ENVIRONMENTAL POLICY STATEMENT – UK & IRL

Nippon Express (NE) UK & Ireland recognises its responsibility to minimise the environmental impact of its freight forwarding and logistics activities across the UK and Ireland. We are committed to operating in an environmentally responsible manner while delivering efficient, reliable supply chain solutions for our customers.

We are committed to:

- Complying with all relevant environmental legislation, regulations, and codes of practice applicable to our operations, including Energy Savings Opportunity Scheme (ESOS) and Streamlined Energy and Carbon Reporting (SECR) requirements
- Continually improving our environmental performance by identifying opportunities to reduce energy consumption, greenhouse gas emissions, waste, and resource use
- Preventing pollution and minimising environmental risks associated with our activities

In line with our ESOS and SECR obligations, we:

- Measure and monitor energy use and carbon emissions across our operations
- Use ESOS assessments to identify cost-effective energy efficiency opportunities
- Report energy and carbon performance transparently in accordance with SECR requirements
- Implement practical actions to reduce fuel consumption, electricity use, and associated emissions where feasible

We seek to reduce our environmental impact by:

- Reducing waste generation and encouraging reuse and recycling within our offices and operations
- Using resources such as paper, packaging, water, and energy responsibly
- Utilise tracking tools like Cozero to measure emissions and identify areas for improvement

We believe environmental responsibility is a shared effort.

We therefore:

- Provide guidance and awareness to employees so they understand their role in reducing environmental impact
- Encourage staff to contribute ideas that support energy efficiency and environmental improvement
- Ensure relevant responsibilities are communicated and understood throughout the business

This policy is supported by senior leadership and is reviewed annually to ensure it remains relevant to our operations, legal obligations, and environmental goals.

Nippon Express (NE) UK & Ireland is committed to balancing commercial performance with environmental responsibility and to working with customers and suppliers to support more sustainable logistics solutions.

STEVE WILLIAMS

Managing Director, UK and Ireland
